

St. John's Summer Program 2020

Class Descriptions

<u>Week 1</u>	<u>Week 2</u>	<u>Week 3</u>	<u>Week 4</u>	<u>Week 5</u>	<u>Week 6</u>	<u>Week 7</u>	<u>Week 8</u>	<u>Week 9</u>
June 15-19	June 22-26	June 29-July 3	July 6-10	July 13-17	July 20-24	July 27-31	August 3-7	August 10-14

Ages for classes are either numerically stated or indicated by the following symbols:

■ Ages 4-5

▲ Ages 6-8

● Ages 9-11

★ Ages 12-14

Air & Space (▲● wks 1,3) – Let your imagination take flight as we join Sir Isaac Newton and prepare for aerospace adventures with his laws of motion. Follow the history of flight from early balloon flights through modern rocketry. Design, build, and test fantastic flying creations including kites, gliders, planes, rockets, stomp rockets, drones and more. Experiment with the laws of physics, gravity and motion during this amazing week of hands-on fun.

American Girl® (▲● wks 6,7) – A week full of American Girl parties, games and activities.

Amigurumi/Needle Arts (▲●★ wk 2) – Enjoy learning the Japanese art of knitting or crocheting small, stuffed yarn creatures, as well as a fun week of being introduced to the needle arts such as knitting, crochet, and embroidery. Learn them all, choose what you like, and work on projects.

App Coding & Gaming Design (Ages 8-14 wk 3) – Using Bitsbox (bitsbox.com), learn how to code apps using an innovative and fun system unveiled on Shark Tank. We will also use other software like Tynker, Gamemaker and Roblox and their user-friendly game creation tools to learn drag-and-drop programming. In this exciting introduction to coding and game building, you can make absolutely anything happen with the power of gaming design software and their physics engines, expansive media galleries, and art studios. Create your own multi-level video game, complete with animated adventures, custom characters, and unique objects. Drag and drop real code blocks to make your creations come to life! Create an alien invasion to defeat or be a swashbuckling hero getting chased by pirates. The possibilities are endless with expansive media gallery and art studios. This visual programming software is the perfect way to learn basic programming concepts while having fun! The software and class spans various skill levels from novice to experienced.

Art - Sculpting (▲● wk 5) – Spend a week expanding your artistic talents! Campers will learn different forms of sculpture by seeing sculptures from some of the greatest artists in history and by trying their hands at sculpting using a variety of materials such as clay, plaster, soap and similar medium. If you like working with your hands, you will really dig this class.

ARTpourri (▲● wk 7) – Art comes alive in this potpourri of hands-on exploration of creative art. Each day the students will be encouraged to express themselves through the creation of art using different mediums like painting, sketching with charcoal, sculpting, etc.

Artsy Craftsy (▲● wks 1,8) – Let's get crafty! In this DIY craft class campers will engage in a wide variety of age-stimulating arts and crafts activities and projects. This make-it and take-it camp is sure to get your creative juices flowing!

Baking (▲ wks 2,6; ● wk 6; Ages 8-14 wks 4,8) – Learn the art of baking through instruction and hands-on practice. Students will spend time baking and decorating cakes, baking pies, cookies and pastries among other things. Many new recipes this year. There is a \$30/student surcharge for this class to cover materials.

Basketball (▲ wk 3; Ages 9-10 wk 8; Ages 11-14 wk 2) – Get ready for summer by having a fun week of basketball. This camp will balance teaching skills and fundamentals with games, contests and fun. The basic skills of ball handling, passing, shooting and defense will be taught throughout the week of camp. The camp is designed to help each student improve as a player while providing a fun and encouraging environment.

Boys Being Boys Camp (▲● wk 6) – Spend a week celebrating being a boy! Maybe learn how to land an airplane in an emergency or escape from being tied up? Or fight off an alligator? Recall the adventures of Scott of the Antarctic, the Battle of the Somme and the martyrdom of St. Dennis. Learn how to palm a coin, tan a skin, tie basic knots, and, most charmingly, wrap a package in brown paper and string. Even learn some basic etiquette so you can impress like James Bond. Learn fun coin tricks, how to marbled Paper and put to memory a few Latin phrases every boy should know. Want to learn how to escape quicksand, build a raft, start a survival fire, hypnotize a chicken, place a splint or write in invisible ink. Then this camp is for you! A fun week filled with exciting adventures! Boys only!

Camp Camp (▲●★ wks 2,7) – In this exciting new camp, campers learn how to camp and the basic camping skills you need in order to successfully camp. This includes building fires and pitching tents as well as experiencing classic camping activities such as singing campfire songs, playing camping charades and other camping games, a nature scavenger hunt, and telling scary stories. Campers will also learn how to make camping foods such as s'mores and trail mix, distinguish different animal tracks, and make lanterns and marshmallow shooters. Your kids will love camping at camp by the end of the week!

Candy & Mold Making (▲● wks 4,5,6) – A favorite camp last summer! In addition to making candy in the class, campers will learn and practice the art of fabricating candy molds using food-grade silicone. Campers will create Lego molds and molds of their favorites tiny toys and shapes. Using those molds, campers will make gummy candies and chocolates. In each class you will enjoy a sampling of all candies demonstrated and take some home along with recipes! All tools and supplies provided. Candy is that much more delicious when you've made it yourself!

Cheerleading (▲●★ wk 9) – Age appropriate fundamental cheerleading skills including cheerleading motion technique, dances, jumps, tumbling and stunts will be presented in a safe environment. There will be lots to do including confidence-building activities and, of course, cheering daily.

Cirque d'Ete' (Circus of the Summer) (■ wk 1) – This class teaches acrobatics, circus skills, clown-comedy, music and costumes-sets. The atmosphere at Cirque d'Ete' is casual and non-competitive. Our aim is for children to learn Circus and Performance while having tremendous amounts of fun. This action-packed camp concludes with a GALA performance for family and friends on Friday.

Coaster Park Design (Ages 8-14 wk 7) – Study some of the favorite roller coasters in the world and then, using Planet Coaster® simulation software, surprise, delight and thrill crowds as you build the theme park of your dreams. Build and design incredible coaster parks with unparalleled attention to detail and manage your park in a truly living world.

Cooking (▲● wks 1,3,7,9; Ages 8-14 wk 5) – Many new recipes this year as aspiring chefs will learn a variety of cooking skills to use for a lifetime. Become familiar with kitchen utensils, measuring, following recipes, nutrition, and kitchen safety. Then we will put our skills to the test by creating recipes and making our own edible masterpieces to be taken home. There is a \$30/student surcharge for this class to cover materials.

Crazy Games (▲● wks 5,7) – Dance the week away! Learn the basics or improve on your already developed skills in our dance camp. We will instruct in a variety of dance styles from contemporary to classical to line dances to party dances. Speed it up and slow it down — we'll practice it all! Show your moves off at the end of the week with an performance for families.

Dance Mania (▲● wk 4) – Dance the week away! Learn the basics or improve on your already developed skills in our dance camp. We will instruct in a variety of dance styles from contemporary to classical to line dances to party dances. Speed it up and slow it down — we'll practice it all! Show your moves off at the end of the week with an performance for families.

Digital Photography (●★ wk 9) – Students will learn digital photography while working at their own individual skill level. Using the digital camera of their choice (BYOC), they will explore lighting, color, texture, composition, and other subject matter to achieve a solid grounding in both technical and creative photographic processes. Students will also learn how to technically edit their photos with computer software.

Dinosaur Days (▲● wk 4) – Let the prehistoric come back to life in this exciting week of all things dinosaur! Explore how different dinosaurs lived, hunted, ate, and more. Make your own dinosaur masks and amazing dinosaur crafts, hatch your own dino eggs, play dinosaur theme games and see what it is like to be an archaeologist as you excavate your own dinosaur fossils! Campers will have a DINO-MITE time!

Dough Shoppe (Ages 8-14 wks 4,6) – Experience the delicious gifts of dough as we make, eat and take home some of our favorite foods like pretzels, pasta, churros, bagels, doughnuts, bagels and dumplings among so many other delicious foods. Join us for a week of celebrating everything dough by baking and frying all things dough!

Drone Academy (Ages 8-14 wks 3,9) – Campers will learn the basics of drone design, drone safety and the social responsibilities of flying drones. With individual and team challenges and competitions, this is sure to be a blast for everyone. You will learn how to utilize basic flight terminology and try your hand at conquering fun and interactive flight challenges. Learn to pitch, yaw and roll through self-created obstacle courses. Participants will also create the design, and help build, the obstacle course in preparation for the last days final activity and competition. Meet and hear from a drone expert from the local airport who works with drones on a daily basis. We'll bring the drones, you bring the excitement!

Duct Tape Fabrication (▲●★ wk 1,7) – Have you ever wanted to just get your hands on lots of colorful duct tape, some cardboard and other odds and ends and just create something? If so, this class is for you! Build free form or follow plans to build things like flip flops, a Captain America Shield, Thor's hammer, a backpack, wallet and other cool things!

Elephant, Piggie & Pete (■ wk 7) – Enjoy a week with Elephant and Piggie and Pete the Cat! Learn about friendship with Elephant and Piggie and join the groovy fun with Pete the Cat songs, animated videos and Pete the Cat activities. Whether you're making new friends, trying new things or facing life's ups and downs, Elephant, Piggie and Pete will highlight the lessons life can teach you.

Emergency Med Training (●★ wk 6) – Campers learn about important life saving techniques including first aid and CPR. Explore the structures and physiology of the amazing human body. Career opportunities are discussed as campers meet a nurse and an EMT. Campers will learn about germ theory of disease, fevers and bacteria, using medical instruments, triage and diagnosis, blood pressure, and more! They will also be trained in CPR and First aid by Southern Maryland CPR and First Aid Training and will receive a 2 year certification card. This is a great camp for babysitters, future life guards and anyone interested in a possible career in medicine. Campers will take home a stethoscope, pair of scrubs, pen light with pupil gauge, aneroid sphygmomanometer professional blood pressure cuff monitor with adult sized black cuff and carrying case. There is a \$80/student surcharge for this class to cover materials and certification.

Flag Football (▲● wks 1,3,5) – Our flag football camp teaches the core skills of passing, catching, and de-flagging or defensive positioning while delivering fun and exciting action. Each flag football camp is organized into training environments that are designed to prepare kids to be champions both on and off the field. Our camp will teach good sportsmanship, teamwork, and the importance of fair play, and our coaches will give children who want to play football the opportunity to learn the game and improve their skills in a positive, secure environment.

Food Art (▲● wks 3,8) – 5 days, 5 arts – cupcake decorating, pancake art, candy mosaics, edible painting – paints and paper, and a surprise day. Merge your artistic and culinary talents into a something delicious!

Fun Factory (▲● wks 1,5, Ages 8-14 wk 2) – Many new activities this year! Test the limits of fun making Ninja Turtle Squishy Balls, instant soda slushies, glow-in-the dark slime, matchbox rockets, magic mud from a potato, instant ice, a soda bottle blaster, a gravity puzzle and more. Visit our factory of fun!

Game Week (■ wk 2) – A week filled with different party games and water activities (no pool/swimming involved), some of your favorites and some new ones too... games like water balloon tosses, sprinkler runs, parachute games, and red light/green light among many others.

Golf (▲● wks 3,4) – Our golf camp is open to all skill levels. Instruction will cover every aspect of the game, including putting, chipping, pitching, sand shots, full swing, course management, rules, and etiquette. Clubs will be provided for students without their own clubs.

Groovy Girls (▲● wks 2,9) – Come get groovy this summer! It'll be a week of fashion, fun, etiquette and learning how to make and be a good friend. We will have arts, crafts, activities, life lessons and games galore. There will be spa days, tea parties and learning manners for sure! Being a girl has never been so much fun!

Gross & Fun Science (▲● wks 2,9) – Science is fun! With lots of new experiments for 2020, we're going to ponder, predict and play our way through slimy hands-on- experiments designed to encourage curiosity and wonder. All experiments will be either gross, fun or ideally both! We will guide students through this week of discovery by using our senses to conduct experiments with intent to cultivate a lifelong interest in science and the world around us.

Gym Games (▲ wk 4) – A week playing your favorite gym class games! Gaga ball, glow in the dark capture the flag, dodgeball, basketball, relay races, wiffle ball, knockout, tug-of-war and many others!

Hair & Nail Salon (▲●★ wk 3,4) – Have fun exploring hair and nail care and design this summer! Campers will paint and decorate nails, enjoy manicure and pedicure workshops and learn various hair wrapping and braiding methods. Personal skin care will also be a focus in this camp that will leave you looking Marvelous!

Ice Cream Shoppe (Ages 8-14 wks 8,9) – Do you like homemade ice cream? Spend a week creating your own flavors of ice cream, working in teams as you name your shoppe, create your logo and go into business making ice cream. Take home daily samples of your special custom flavors and toppings. There is a \$30/student surcharge for this class to cover materials.

Jewelry Making (Ages 8-14 wk 4) – Express your creativity, while learning different jewelry making techniques and designing and creating rings, pendants, earrings, pins, bracelets, necklaces and keychains.

Jr. Engineering (▲● wk 5) – Discover how things move with science. Join a team of Jr. Engineers and build bridges, domes, cubes and pyramids. Assemble simple machines such as, levers, pulleys, catapults, balances, crank fans, and/or tops to investigate the laws of physics. Learn what your toes have to do with tennis! Get a taste for space as you launch a “bottle rocket”.

Lacrosse (▲● wks 6,8) – Learn the fundamentals of individual, group and team lacrosse skills. The camp will teach players stick skills, position skills and basic offensive and defensive systems through fun lacrosse drills and games. Equipment will be provided for players who don’t have their own equipment.

Laser Tag (Ages 8-14 wks 3,5) – Spend a week learning team strategies and playing one of the most popular games in the galaxy!

Lawn & Field Games (▲● wk 9) – Spend a week competing in America’s favorite lawn and field games – Ultimate Frisbee, Volleyball, Ladderball, Bag Toss, Washer Toss, Tug of War, Capture the Flag, Kick Ball and more!

LegoMotion (▲ wks 3,5,7,8) – You will build with some of the most fascinating Lego® components ever created, learning how to magnify, diminish, and redirect force to move objects at different speeds and directions. You will construct vehicles, machines, and other dynamic creations and come to understand the working principles of these inventions. You will also have opportunities to construct and play with your own inspired creations.

Lucky Dog Camp (▲● wks 1,6) – If you love dogs, this camp is for you! Bake a variety of healthy and human edible dog treats to take home and spoil your dog. Learn about dog and puppy training. Engage in dog myth busting... what foods are dangerous to dogs, can you teach an old dog new tricks, do big puppy paws mean big dog, etc. Learn keys to dog behavior from renowned experts like Cesar Millan, Zak George and Victoria Stilwell. Meet a professional dog groomer and have the chance to ask questions about the grooming business and the training requirements to become a professional groomer, and meet a veterinarian and learn how to become a veterinarian, while receiving tips on dog care and health, and hearing interesting stories from the vet’s office.

Mad & Messy Science (■ wk 5) – Science is fun! With mad and messy science, we’re going to ponder, predict and play our way through slimy hands-on- experiments designed to encourage curiosity and wonder. All experiments will be either gross, fun or ideally both! Fun like making ice cream and sidewalk chalk, and gross like making slime. We will guide students through this week of discovery by using our senses to conduct experiments with intent to cultivate a lifelong interest in science and the world around us.

Magic & Illusions (▲ ● wk 7) – Everyone can be a magician! Try your hand at palming cards, master the art of illusion and misdirection, and perfect your stage presence. Campers are provided all the training materials and magic props. On the last day of the camp, campers become star performers in a magic show for parents and relatives.

Math & Logic Challenge (▲ ● wk 8) – Put your math and logic skills to the challenge! We will show you the fun side of math and logic and through games, puzzles, tricks, and brain teasers and other challenges. No worksheets, no homework, no tests, but watch out because you might learn something anyway! Use your quick wits and problem-solving skills to solve brain teasers, word problems and mind games. Sharpen your mind, increase your love for math, and have fun doing so before heading back to school!

May the Force Be with You (▲ ● wks 8,9) – Join the Resistance! Begin your Jedi training and explore new galaxies as you fight for peace and justice. Learn the ways of the Force, build droids, go on Jedi missions, eat Star Wars food and play Jedi games. Jedis in training will make their own light sabers, Yoda ears and various Star Wars crafts. Compete in a Chewbacca roar contest and explore the customs, games, crafts and food of the different planets of the Star Wars Universe. From building Ewok catapults to making Hoth ice cream, each day holds a variety of unique activities. Are you ready to help Rey, Finn, Poe Dameron, Chewbacca, Luke Skywalker and Princess Leia fight the forces of evil and defeat Kylro Ren and the First Order? Come and find out!

Minecraft (▲ ● ★ wks 1,2,4,5,6,8) – If you like Legos, you'll love *Minecraft*. In *Minecraft* you can freely interact with your randomly generated environment and gather resources needed to create tools, homes, boats, bridges and more. You'll primarily shape your block-like surroundings by digging, chopping and mining. As you progress, you'll encounter water, sand, stone, ore, trees, animals, rocks, lava and even monsters. *Minecraft* has been featured on the cover of PC magazine and is an extremely popular online strategic building game.

Mini Weapons of Micro Destruction (Ages 8-14 wks 6,9) – Love combining random objects into catapults, crossbows and other projectiles? Come learn the basics of medieval warfare through the use of normal household and office supplies while understanding the role that militaries, force and warfare play in our society. Campers will also learn the difference between just and unjust aggression. Projects will include weapons like a pen blowgun, a tiny trebuchet, slingshots, catapults, crossbows, a paper dart watch, paper throwing stars and targets, among others. Strict safety measures will be observed in the camp. Safe destruction is our motto!

Motor Mania Legos® (● ★ wks 2,4) – Kids who love to see their creations in motion will love this challenging yet exciting class. Students build with Lego® motors and Lego® Technic parts. Motor Mania accelerates fun into high speed as students learn about how gears translate motion and can make objects move at different speeds. After building their models, the students customize their projects, demonstrate their imagination, and share their creations with their Summer Program friends.

Musical Theater (●★wk 7) – Do you dream of being on stage? Act in an age appropriate musical play and learn about musical theater, acting, singing, movement and costumes. On the last day, students will perform for family and friends.

Neon Glow Art (▲●★wks 3,6) – Let your creativity GLOW as hot neon colors and glow-in-the-dark media come to life under black light. Fun and creativity flow as you paint in the dark and watch your fluorescent creations pop with dimension. Projects include watercolor, fabric design, neon balloon animals, painting, and much more! The possibilities are endless in this new NEON GLOW experience! The Artists proudly present their work at a brief show on Friday.

Origami and Balloon Arts (▲●★wks 5,8) – Learn the ancient art of origami and the “put a smile on anyone’s face” art of balloon twisting! You’ll leave the week smiling and an expert in two exciting art forms.

 **Pancake & Cupcake Art (Ages 8-14 wk 7)** – Be an alternative Cake Boss! Spend half the week learning the creative art of pancake art – how make the best batter for this art, coloring it and then artfully designing creative pancakes. Each camper will have the use of half a cool-touch griddle. You’ll spend the other half of the week learning how to frost and decorate bakery worthy cupcakes. Let’s get our cake art on!

 **PAW Patrol (▲● wk 2)** – Spend a week with Nick Jr’s PAW Patrol. Whenever there's trouble, just yelp for help! Join a 10-year-old boy named Ryder and a group of do-good dogs who use their individual talents to rescue various people in tricky situations in the city of Adventure Bay. Enjoy games, activities and challenges with the PAW Patrol!

Pies A Plenty (Ages 8-14 wks 4,6) – Become a master pie baker as you make a different full size pie each day to take home (and a small one to eat during class – chefs need to taste their food!). You will learn about making pastry, rolling pastry, double crust pies, lattice top pies, crumb crusts, fruit fillings, cream pies, and more. Do love pies? Peach pie, apple pie, lemon merengue pie and so many more! Come and make pies with us!

Pizza Shoppe (Ages 8-14 wks 3,9) – Develop the perfect pizza! Working in small teams, campers will create their shoppe name, logo and business plan, while working daily to create the perfect sauce and trying out different types of crust. Learn how to make dough, roll it out and “throw” a pizza. Take home pizza to share with your family while figuring out what toppings will make your shoppe’s signature pizza. Enjoy a pizza party on Friday with your family where they will taste test pizza from each shoppe to determine the best cheese pizza and the best signature pizza.

Rugby (Touch) (Ages 8-14 wk 8) – Learn the game of rugby! In this camp players will learn the mechanics behind passing, catching and kicking balls, as well as the various positions and strategy behind the game of Rugby. Through various activities and games each camper will learn how to play one on one and as a team. By the end of the week the child will leave with a developed skill set and better understanding of the sport. Bonus! Enjoy one morning working out and learning from National Champion Rugby player Lawrence Forte.

Safari Adventure (■ wk 6) – An exciting week filled with discovery! Campers will role play going on a safari and become experts on safari animals and their habitat to then become an author and illustrator of their own book to bring home at the end of the week. A week filled with lots of safari games, activities and arts and crafts.

Scrapbooking (▲●★ wk 8) – Learn how to start or advance your scrapbooking hobby; everything from choosing the right supplies to effective journaling, designing interesting layouts, and developing an artistic eye and the story-telling aspects of scrapbooking. Bring photos, postcards and other personal items and we'll teach you how to put together an exciting scrapbook.

Sew Much Fun (Ages 8-14 wk 5) – Have you ever dreamed of making your own clothes, pillows or purses? Then this is the camp to get you started! Campers will have “sew” much fun learning different sewing techniques, including hand sewing, embroidery and the use of sewing machines. Campers will complete at least two projects during the week to take home and will gain an understanding of how to use a sewing machine. Those returning from 2016 will have the opportunity to work on new projects.

Soccer (▲● wks 2,7) – Players will strengthen individual soccer skills and sportsmanship through training with direct coaching in small groups. Instruction will focus on getting open, anticipating opportunities, shooting, and creativity in the attacking third of play. Further emphasis will be placed on defensive coverage in a 1v1 situation.

Spa Science (▲● wks 1,3,8; ★wk 1) – There's no limit to what you can do with this “theme!” Mix it, measure it, make it, try it out and take it home! You will get busy making Fizzy Bath Bombs, Sweet Lip Smackers, Shake ‘Em Up Bath Salts, Yummy Face Masks and more. Become a clever spa scientist for the week as you learn about ingredients and how to combine them to make fun (and fabulous!) pampering goodies. You will also get busy playing around with packaging and naming your concoctions in this kitchen-chemistry extravaganza — the end of the week will be “Spa Day,” where everyone can dress in a robe and slippers and sample and share what's been made! You will go home with new science know-how, spa goodies, and recipe cards detailing how to make what you created for the week. This hands-on class will make science “real” — and fun!

Spies & Detectives (▲● wks 5,9) – Learn secrets of espionage and detective work; from dissolving messages and decoding clues, students will have the opportunity to check out the skills that spies and detectives have in this hands-on journey into the world of espionage and detective work. Learn Morse code for secret messages and other methods of leaving coded messages. Learn how to free yourself from duct tape and zip ties; how to make footprint molds and match tire tread; how to dust for finger-prints and write in invisible ink. We'll combine lab experiments with a bit of detective discovery and espionage training. This is a perfect fit for super spies and scientists alike!

SpongeBob SquarePants Camp (▲● wk 2) – Who lives in a pineapple under the sea with Krusty Krab, Patrick, Plankton and Squidward, but of course it's SpongeBob! Join us for a fun-loaded week with SpongeBob SquarePants!!! It'll be a week loaded with laughter, singing, games and activities... all revolving around our favorite sponge and his friends!

Stop Motion (Ages 8-14 wk 9) – Campers will work in small teams to create their own animated short using Legos, modeling clay, and other malleable mediums. Using techniques and technology featured in films such as the Lego Movie, Wallace & Gromit and The Boxtrolls, the camp will cover the use of digital photography, lighting, along with video and audio editing software. Campers should be interested in the challenge of making fun and creative short films.

Street Hockey (▲● wk 6) – Take a slap shot, play a scrimmage, practice your passing... you can do it all. Campers will improve in defensive & offensive skills and concepts, while practicing sportsmanship, responsibility, accountability and leadership. We'll teach you anything you want to know about the fast-paced game of Street Hockey, no matter what your previous skill level; so shoot away, you can't miss! Equipment will be provided for campers without their own equipment.

Super Sports Camp (■ wk 3) – Do you like sports? Then this is the camp for you! We will introduce you to a variety of sports such as basketball, soccer, kickball, tee-ball, lacrosse, track & field, tag and playing catch with a lightweight ball. Everyone is a star as you learn how your favorite games are played, and then try them out for yourself.

Superheroes Camp (▲● wk 8) – A whole week of superheroes! Create your own superhero, super powers and backstory. Train to use your superpowers with super stunts and test yourself in a supercharged obstacle course. Design your own logos and costumes, take on special missions, tackle obstacle courses and go on rescue missions to save other superheroes from villains. Uncover the beginnings of some of the best known superheroes while also discovering your own. Unleash your inner superhero!

Surf and Sand (■ wk 9) – It wouldn't be summer without the beach, the ocean, and even some pirates! Sail away with us as we explore legends of the sea, play some pirate games, build sand castles, make under the sea slime, and so much more.

Survival Training (▲● wks 2,4,7,9; Ages 8-14 wk 6) – Are you the next Bear Grylls or Les Stroud? Spend a week learning elements of the five basic survival skills - fire, shelter, signaling, food/water and first aid. Join us for an exciting week learning many valuable skills, like tying important knots, starting a fire without matches or a lighter, building a sleeping shelter, making snares and developing directional skills among many other skills.

Tee-Shirt Design (Ages 8-14 wks 2,3) – Learn a variety of tee-shirt design techniques from screen printing to making tie-dyes and using fabric markers and puffy paint. Work as a team and individually on different projects. Use a Cricut to develop a design to screen. And compete as a team for best SJSP design. Campers will take home 1-2 shirts/day. There is a \$30/student surcharge for this class to cover shirts and materials.

Tennis (▲●★ wk 5) – Allow us to introduce you to the game of tennis by using the QuickStart Tennis method, one of the most significant moves ever to introduce tennis to youth by utilizing equipment (21-25” racquets and foam and low compression balls), court dimensions, and scoring that is tailored to age and size. Utilizing six indoor courts, players will learn ball and racquet control, sending and receiving skills, serving, and forehand and backhand strokes. You will engage in numerous drills and games that will help introduce you to the game of tennis!

Treasure/Scavenger Hunt (▲● wk 4) – Do you love challenges? If so, this is the camp for you! Search for hidden treasure using treasure maps, while competing with other crews searching for the same treasure. Who will find it first? Learn the history of famous pirates and treasures and how maps were coded. Also get competitive with your team in a series of timed scavenger hunts.

Ultimate Challenge Week (▲● wk 4) – Are you competitive? Do you like a challenge? Then this class is for you!!! Engage in numerous team and individual challenges that sound like they could have come straight from *Survivor*, *Fear Factor*, *Minute To Win It*, or *The Amazing Race*. Do you have what it takes to be the Ultimate Winner?!

Urban Art (▲● wk 2) – Explore some unique art techniques like spray painting art, tie-dyed tee-shirts, stencil art (painting with negative spaces), mosaics and more. Bring out your inner artist.

Volleyball (●★ wk 6) – This camp is designed to teach all the skills of volleyball for all levels and positions. Enjoy a week of learning and playing a popular game that will be with you for a lifetime!

War Games (▲● wks 1,6; Ages 8-14 wk 4, ★wk 1) – A week of competition between two teams! Make your own pocket slingshot and then manufacture your ammunition (color-infused mini-marshmallows) before engaging in a “paint-ball” war. Compete in capture-the-flag and go head-to-head in nerf gun battles, as well as learn elements of Sun Tzu’s “The Art of War” and put them into practice. It’s a week of battle strategy and execution. Which team will win the war?

Wild & Wacky Week (■ wk 4) – Let's get crazy! This week we will let our silly side shine as we make kooky crafts, play goofy games, and make marvelous memories. Enjoy Water Day with a slip ‘n’ slide, water balloons and other water activities. It’ll be wild & wacky fun!

World League Games (●★ wk 1,7) – Dodgeball, kickball, basketball, volleyball and other indoor sports. It’s a hodgepodge week of sports, fun and competition. Bring your A-game!
